

31

The average person spends several years of their life waiting—in queues, in traffic or in front of loading screens.

2

Freeze

4

5

Today marks **Hiroshima Day**. Over 150 trees—including species like ginkgo, weeping willow and camphor trees—survived the 1945 atomic bombing and are still alive in Japan!

7

8

India is home to more than 700 tribal communities, many with their own languages, music and traditions.

10

11

12

13

14

Did you know, for official use, India's national flag must be made from khadi, a special hand-spun cloth.

16

17

Sunglasses! Early versions were used hundreds of years ago.

19

Your heartbeat changes slightly depending on the music you listen to.

21

22

How do you think something so heavy floats in the sky?

24

25

26

27

Ancient rakhi threads were once tied not only between siblings, but also between kings and allies as symbols of protection and trust.
